

Linux & Navigator Setup Documents

There are several good documents provided by Navigator Users on using the Navigator with Linux.

Ubuntu Linux

- . K09B Sotirios Bakas
 - . Linux Ham Radio K09B Setup
 - . See Navigator-Interface forum FILES Section for document:
 - . UbuntuHamRadio_K09B_02B.pdf
- . KI7MT Gregory Beam
 - . ubuntu 13.04 Update to Navigator Rules from KI7MT
 - . See Navigator-Interface forum FILES section for document:
 - . Ubuntu 13.04)KI7MT_Update to navigator Rules.pdf

Centos Linux

- . KI6ZHD David Ranch
 - . How to enable persistent Udev rules for a Navigator
 - . <http://www.trinityos.com/HAM/CentosDigitalModes/hampacketizing-centos.html#2c.kernelnavigatorudev>
- . Also from KI6ZHD
 - . General hints on Linux and the Navigator, including
 - . Recompiling the kernel, how to review how things look in ALSA,
 - . setting volume levels, how to configure Navigator Config interface,
 - . and setting up FLDIGI
 - . <http://www.trinityos.com/HAM/CentosDigitalModes/hampacketizing-centos.html>

Linux Mint and the Navigator

- . KK7UQ Clint Hurd
 - . See Navigator-Interface forum FILES section for document:
 - . FLDIGI 3.21 LinuxMint - Navigator Setup Procedures.pdf
